

Member Name: Niraj Tiwari

Village: Dindori, Manikpur

Story: I am Niraj Tiwari, resident of Sarai village, Vikas Khand, Samnapur district. My family consisting of 6 members is dependent on farming as livelihood. From June 2020 onwards, I have been working in a school of Manikpur as a Cluster Coordinator. In the first week of June 2020, my health had started to deteriorate suddenly and I had got myself admitted to a private hospital in Dindori. Thereafter there was no improvement in my health. Then I went to the district hospital and tested positive for corona. I took medicines prescribed by the doctors there and regained my health after sometime.

Two of my other family members became corona positive as well and later they also could win over the disease. But our family suffered great financial loss. During that time one of my colleagues from the company I worked with, TRIF, reminded me that I am eligible for a certain insured amount since I have taken health insurance against corona. I submitted my health related documents to the company and received an amount of Rs 10,000. This amount eased my financial burden and compensated for the money I had spent against fees of doctors, fruits, medicines etc during my own and family's treatment. Me and my family are thankful to TRIF and VimoSewa for helping us out in such a difficult time.

Thanking you

Niraj Tiwari.
